

# **BEST PRACTICES OF BISWANATH COLLEGE**

## **Best Practice: 1**

### **1. Title of the practice:**

To foster a good oratorical skill as well as intellectual growth amongst the students through debating and speech

### **2. Objectives of the practice:**

The objective of this practice is to develop a sense of analysis, objectivity, crystallization of facts and ideas, good communication skills etc. amongst the student's community. The overall objective here is attainment of all- round development of the personality of the students.

### **3. The context:**

Most of the students hailing from rural areas do not possess good communication skills, organisation of ideas, and so forth. In order to provide a suitable platform to the students and to address the aforementioned attributes, this practice is adopted.

### **4. The Practice:**

Biswanath College conducts state-level Annual Speech competition in the name of Late Sadananda Chaliha. Prior to this event, an audition to single out the best debating group of this college is conducted. The selected group participates in the annual competition. Also, in the Annual College Week, students are encouraged to participate in debate and speech competitions in large numbers. Students are also deputed to participate in inter-college speech competitions every now and then.

### **5. Evidence of success:**

On an average, around 20 institutions including Cotton University, Tezpur University, and B. Barooah college participate in the competition in 2022.

### **6. Problems encountered and resources required:**

Although many institutions are invited to the competition, the number of participating institutions is not satisfactory. In the hectic schedule of semester classes, there is a time constraint to organise such event.

## **Best Practice:2**

### **1. Title of the practice:**

Creation of a sustainable and eco-friendly campus

### **2. Objective of the practice:**

The primary objective of this practice is to nurture a sustainable green campus. Such green campus is extremely necessary for maintaining good work culture. As a part of it, more and more saplings are planted and nurtured.

### **3. The context:**

The world is progressing through a pressing time on the front of environment. Global warming and climate change have become the major issues of many environmental conferences. This initiative is also in conformity with the sustainable development goals (SDGs) 3 (Good health and well-being), 6 (Clean water and sanitation) and 13 (Climate action).

### **4. The Practice:**

As a part of the practice, plantation drive is carried out occasionally within the campus. On World Environment Day every year, massive plantation drive is conducted in the college. On this day, awareness programmes connected with the environment and its protection are organised in and outside the campus. Apart from this, NSS and NCC units of this college take some cleanliness measures periodically for the upkeep of the college campus and its surroundings.

### **5. Evidence of success:**

- The greenery of the campus in itself is a testimony to the success of this practice.
- To maintain harmony with the nature, small make-shift nests are fixed on the trees for the refuge of the birds.
- The College has received the tobacco-free zone certificate from district administration.
