### Feedback Committee Report on Curriculum, 2023-2024

The Feedback report on Curriculum is prepared by the Internal Quality Assurance Cell (IQAC) using a structured feedback form. The feedback is collected online through a Jot form from stakeholders on the existing curriculum. The feedback is collected from students, teachers, alumni and parents on the end of the academic session to identify areas of improvement and suggest measures to enhance the quality and relevance of the curriculum.

The committee used a structured feedback Jot form to collect the feedbacks online. The feedback included the information on course distribution, curriculum development, relevance, effectiveness and adequacy of the curriculum etc. The points are calculated according to the grades given by the students in various criteria. The feedback provided by the students, teacher, alumni and parents is expected to be unbiased. The grades are given as Very good, Good, Average, Poor and Very poor. The average and percentage of various criteria are calculated. The strength and weaknesses mentioned by the each of the stakeholders are summarized. This strategic collection of feedback each year at the end of the session is performed with the key objective of ensuring that the institution meets the quality standards set by regulatory bodies. It also helps to identify the areas for improvement and quality enhancement as well as sustenance.

The feedback collected was analyzed by the team formed by Principal and the feedback reports were prepared by taking into account all the suggestions. Once analysis is done the issues were discussed in the IQAC and appropriate measures have been taken on the basis of the recommendation of specific issues if any. The Principal along with the IQAC takes into account the feedbacks as it provides the rationale for overall development of the teaching learning process.
